Project: Website About the Worship of Dionysus

With typical navigation, I want to try and build the site to show several pages about different aspects of worshipping the Greek God Dionysus, such as the Cult of Dionysus, the Dionysia Festivals, and the Dionysian Mysteries in general.

1. Home Page/Introductions

- a. Introduce the basic history of Dionysus, how he's an old god that predates Ancient Greece and that his worship has shifted over time. Also speak of his general themes regarding madness and freedom from societal expectations that his followers embody.

2. Bacchanalia

3. Dionysia

- a. Rural Festivals
- b. City Festivals

4. Early Cult of Dionysus

- a. Wine
- b. Rites
- c. Offerings
